Despite rate hikes, India Inc raises a record \$20 b from abroad in Q1

TOP BORROWERS. ArcelorMittal Nippon Steel India, RIL and Reliance Jio Infocomm lead the cohort

Narayanan V
Chennai

The rising interest rates in the global market could not deter Indian companies from borrowing abroad.

Overseas borrowing of India Inc has touched a historic high in the first quarter led by large ticket borrowings by ArcelorMittal Nippon Steel India, Reliance Industries Ltd, and Reliance Jio Infocomm.

As per RBI data, Indian corporates raised \$20.73 billion in external commercial borrowings (ECBs) in the first quarter of FY24.

India Inc's overseas borrowing for the full year stood at \$25.99 billion in FY23. Prior to this, the highest quarterly fundraising was

seen in Q4FY20, when domestic entities raised \$18.97 billion in external borrowings.

GOVT PUSH
ECBs refers to the borrowings by Indian companies from foreign sources in the form of loans, bonds, and other financial instruments used for various purposes including the expansion of business, acquisition of assets, and refinancing of old debt.

The record fundraising in Q1 comes despite US Federal Reserve's frequent interest rate hikes which took the federal fund rate from a near-zero level in March 2022 to a 22-year high in July 2023.

In its latest Federal Open Market Committee meeting on July 26, the US central bank raised

Overseas borrowing hits a fresh quarterly high

the interest rate by a quarter percentage to a range of 5.25-5.5 percent.

Vivek Iyer, Partner, Grant Thornton Bharat, said, "External commercial borrowings have been on a rise despite

the rising interest rates, especially in the infrastructure and services area, given the high amount of focus by the government around the larger Amrit Kaal goals." Iyer added that the high expected internal rate of return on the projects justifies high interest rates and hence the ecosystem is seeing a large appetite for external commercial borrowings. "Expectations around a stronger domestic currency in the future, given expected weaknesses in the dollar, makes a strong case for borrowing dollar given the reduction in the equivalent rupee payout," he added.

TOP BORROWERS
Nearly 60 percent of the borrowing in Q1 was led by three

companies. ArcelorMittal Nippon Steel India topped the borrowing with \$5 billion, followed by Reliance Jio Infocomm (\$3.76 billion) and Reliance Industries Ltd (\$3.46 billion).

CAPACITY EXPANSION
Modernisation was the major purpose of borrowing at \$5.88 billion, followed by capital goods purchase (\$4.68 billion) and refinancing of earlier ECBs (\$3.06 billion).

It is to be noted that steel major ArcelorMittal is betting big on India expansion. The company expects to achieve a production capacity of 8.6 million tonnes per annum (mtpa) by end of 2024 and subsequently increase it to 15 mtpa by first half of 2026 in Hazira in Gujarat.

Godrej Properties net jumps to ₹125 crore

Janaki Krishnan
Mumbai

Godrej Properties reported a consolidated net profit of ₹125 crore in the June quarter, up 174 per cent year-on-year, while revenue from operations was up 3.8 times from year ago at ₹936 crore.

However, the Mumbai-based realtor had a muted June quarter in the terms of bookings with some planned launches getting delayed due to slow pace of approvals.

FALL IN BOOKINGS
Bookings during the quarter fell 11 per cent y-o-y and 44 per cent sequentially at ₹2,254 crore, with some planned launches delayed.

It registered 22.5 lakh square feet sales in the reporting quarter, down a fifth y-o-y.

Collections, however, rose by over a fourth to ₹1,954 crore. The company said it expected an improvement in momentum in the second quarter of FY24, and that it was on track to meet its full-year guidance of ₹14,000 crore.

The company added four new projects from April to July, with a saleable area of 37 lakh square feet and book-

BOOKINGS HIT

Bookings during the quarter fell 11% y-o-y and 44% sequentially at ₹2,254 crore, with some planned launches delayed

ing value of ₹6,450 crore.

The earnings call to discuss the first quarter results of the company was partly dominated by the Gurgaon project, where a defect in one of the apartments led to a quality audit of the building by an external expert resulting in the discovery of the contamination in the concrete.

GURUGRAM PROJECT

Further, Godrej Properties decided to buy back all the units that it has sold in Godrej Summit in Gurgaon, a project in which the concrete used was found to be contaminated with chloride that causes corrosion in the steel reinforcement when mixed with water.

Godrej said that the buy-back price would be linked to the sale price of the units which had been in the range of ₹5,000-7,000 a square foot at the time of the launch. The units bought back will be resold once repaired.

TajSATS mulls network expansion

Aneesh Phadnis
Mumbai

TajSATS is evaluating the expansion of its in-flight kitchens network amid surge in international air traffic and rising demand for airline meals.

TajSATS, which has a market share of nearly 60 per cent, is part of Indian Hotels Company Ltd. While an in-flight kitchen in Amritsar was operational in January, a new facility at the airport at Mopa in Goa, is ready for launch very soon.

"We would like to expand our operations at more airports, and we are exploring further development opportunities at cities with Gupta air traffic," said Manish Gupta, CEO.

GOOD Q1 SHOW

The expansion plan comes in the backdrop of a record performance in the first quarter of FY24. Its revenue grew almost 55 per cent to ₹205 crore while operating profit zoomed by more than two and half times to ₹50 crore on a y-o-y basis. While revenue growth was led by increasing share of international flights and upgraded meal offerings; synergies in common contracting with parent IHCL helped save costs and boost margins.

Ixigo plans to enter hotel segment this year

Forum Gandhi
New Delhi

Alok Bajpai, CEO and Co-Founder, Ixigo

Gurugram-based online travel agency (OTA) Ixigo plans to venture into the hotel bookings segment later this year. Currently, the company operates by redirecting all customers to booking-

com for hotel accommodation. Alok Bajpai, co-founder of Ixigo, expressed his excitement about this strategic move, stating, "Entering the hotel segment is a natural progression for us as an OTA. While we have been partnering with booking-

com for hotel accommodations, we believe it's time to develop this segment on our own from a business economics perspective."

Presently, Ixigo holds a modest 1 per cent share in the hotel segment, while MakeMyTrip dominates with 55.6 per cent, followed by Yatra.com and Cleartrip with 3.6 per cent and 1.9 per cent respectively, according to a report by travel consultancy firm, Vindex.

MASSIVE USER BASE

Bajpai further emphasised that the decision to venture into the hotel segment was driven by Ixigo's ambition to establish a strong presence in the online travel industry and reduce reliance on external partners. "Despite the competition and the long journey ahead, our user base gives us an advantage, and we won't need to overspend

on acquiring customers like many initial hotel OTAs," Bajpai explained with confidence.

Ixigo has built a massive user base over the years, handling over 60 million monthly active users and more than 6 million daily active users.

FUTURE PLANS

Ixigo is actively exploring potential revenue streams, including packages and tours. Recently, they joined forces with Yatra.com and Cleartrip with 3.6 per cent and 1.9 per cent respectively, according to a report by travel consultancy firm, Vindex.

Furthermore, Ixigo had previously expressed intentions to launch its initial public offering (IPO) after receiving approval from SEBI for its Draft Red Herring Prospectus. However, Bajpai did not provide any updates on the matter.

OYO adds over 1,000 hotels in Q1

Our Bureau
Bengaluru

IPO-bound Oravel Stays Ltd, the parent entity of hospitality chain OYO, has added over 1,000 hotels and 3,500 homes to its network in the June ended quarter of FY24.

The company reported its maiden EBITDA-positive quarter at ₹7 crore in Q1 FY23 and marked its first full year of EBITDA profitability in the same year. The company continues to be cash flow positive in FY24 with current cash on balance sheet pegged at more than ₹2,600 crore. Agarwal had said

that the company ended the fourth quarter with surplus cash flow of nearly ₹90 crore.

ADJUSTED EBITDA

"Our Q1 adjusted EBITDA of ₹175 crore makes it an exciting start to the year. If you annualise this outcome, it sets us up for ₹700 crore adjusted EBITDA this financial year though, in all likelihood, and we will achieve or probably surpass our previously stated target of ₹800 crore. The Q1 adjusted EBITDA of ₹175 crore is nearly same as what we achieved in Q4 last year, which is seasonally the strongest quarter," he said. OYO in March refilled its

Draft Red Herring Prospectus with SEBI. The issue size for public listing was reduced by about half to between \$400-600 billion.

SHILPA MEDICARE LIMITED

Notice is hereby given to the shareholders of the Company pursuant to the provisions of section 124(6) of the Companies Act, 2013 (the Act) and the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2018, including any statutory modifications or amendments for the time being in force (the Rules) as under:
The Act and Rules, amongst other matters contain provisions for transfer of all shares in respect of which dividend has not been paid or claimed by the shareholders for 7 (seven) consecutive years or more to the Investor Education and Protection Fund (IEPF) Authority. The Company has sent individual Notices to the latest available addresses of the shareholders whose dividends are lying unpaid or unclaimed for the financial year 2015-16 along with subsequent 7 (seven) consecutive year's dividend, advising them to claim the dividends on or before 20 September, 2023.
In terms of Rule 6(3) of the Rules, the statement containing the details of name, PAN number and number of shares due for transfer is made available on the Company's website: <https://www.shilpa.com> for information and necessary action by the shareholders.
Shareholders who have not claimed their dividends from the year 2015-16 can write to the Company's Registrar and Share Transfer Agent, M/s. KFin Technologies Limited, Sakinaka Tower B, Plot 31-32, Gachibowli, Financial District, Nanakramguda, Hyderabad-500032, (India) (Toll Free No.: 1800-4298-998) (Email: enward@kfinltd.com) or the company before 20 September, 2023 for further details and for making a valid claim for the unclaimed dividend. If no valid claim has been made, such shares will be transferred to IEPF Account after 20 September, 2023.
Any person, whose shares and unpaid/unclaimed dividends have been transferred to IEPF, may claim the shares and unpaid/unclaimed dividends from IEPF by submitting an online application in the prescribed web form IEPF-5 available on the website: <http://www.iepf.gov.in/iepfcorporates.html> and sending a physical copy of the same to the Nodal Officer of the Company. Please note that post transfer of unpaid and unclaimed dividend amount and shares to IEPF, no claim shall lie against the Company.
This notice is also available on the Company's website: <https://www.shilpa.com> and on the website of stock exchanges www.bseindia.com and www.nseindia.com.

Sagar Cements to improve efficiency of new units

G. Naga Sridhar
Hyderabad

Sagar Cements is focussed on improving the overall efficiency and utilisation levels of its recently-acquired units, according to Joint Managing Director, Sreekanth Reddy. "The Jeerabad and Jajpur units are performing in line with our expectations.

The Mattampally plant was operated at 52 per cent utilisation, and the Gudipadu, Bayyavaram, Jeerabad, Jajpur and Dachepalli plants at 89 per cent, 59 per cent, 81 per cent, 14 per cent and 6 per cent respectively, during the quarter," he said. While the ramp-up at Jeerabad is almost complete, he is "confident" of a break-even at Jajpur in the current year.

Q1 PERFORMANCE

Sagar Cements posted a net loss of ₹42 crore in the first quarter ended June 30. In the corresponding quarter of the previous financial year, it incurred a loss of ₹13 crore. Total revenue of the company declined 5 per cent to ₹543 crore (₹570 crore).
